July 2011

Lounge 638-3700

THE PRESIDENT'S CUP

**JULY. AIRPORT GOLF COURSE.
WYOMING OPEN.
VOLUNTEERS NEEDED.**

Our own little want ad. Many of the slots have been filled for the beverage holes but we can always use more help and there are lots of spaces left open for parking lot help. No shows, illness, forgetfulness, all of those things hit us and then we need a sub. Sign up soon so we can make sure we have plenty of help.

The course is, as usual, looking great. I think we took a pretty good hit this winter but Ron and his team has done a great job getting the course back in good shape and making it very playable. Had to trim some bushes and replace some sod but overall I think they deserve a big round of applause for the tremendous work they do.

Speakers for the jukebox are in. Railing for the patio should be soon to follow. Was hoping to have it up by the Open but no such luck. Sometimes I think if I didn't have bad luck I would have no luck.

Get out and play. Summer is here and the golfing is good.

Thanks to all of the members who have written their suggestions and put them in the suggestion box. The Board does look at each and every note in the box and we try our best to address all of those that we can. Your suggestions are what make this club go and we encourage you all to let us know what's on your mind. Don't forget to make a proposal along with your suggestions. It makes it much easier to see the direction that the membership wishes to go if they want something changed and are willing to let us know what they want it changed to.

Have a great golf month and enjoy YOUR WYOMING OPEN.

THE SECRETARY'S TREASURES

A **BIG THANK YOU** to those that helped stay the flood waters the afternoon of June 19th as they ripped through the basement of the Clubhouse.

**MIKE LEPORE, ERIC SCHIMEK,
ROB MALTAIS,
KIM PERCY and WIL BURKE**

manned snow shovels, push brooms, wet vacs, mops.. anything they could find to push water out of offices and storage rooms for several hours. **THANK YOU!**

The Club has received 20 scholarship applications. The applications will be reviewed the first week in July and recipients will be notified around July 15th.

May's financial numbers were very **NICE** again!!
Income \$70,021; less Expenses \$56,189 = Net Operating Income of \$13,832.

The Club's account with First Interstate Wealth Management dropped \$2,095 in May. However, the account still reflects approximately \$18,000 in unearned gains since account first opened; the current value is at \$290,988.

An advance **THANK YOU** to those members who have already signed up to help with the beverage holes and parking during the Wyoming Open (July 7th thru 10th). There are still a few vacant spots for volunteers so **PLEASE** check the signup sheets in the 19th Hole.

An actual call received at our own **PRAIRIE VIEW GOLF COURSE:**

Staff: Prairie View Golf Course, may I help you?
Caller: Yes, I was wondering if you have non-smoking golf carts....

.....okay - 'nuff said.

This Independence Day, and every day, please keep our men and women in the armed forces in your thoughts and prayers.

Wishing everyone a **SAFE** and **FUN** 4th!

Jan Booth

Tournament Chairman	Gil Ferrel
House Chairman	Craig Mize
Club Manager	Linda Green

VICE PRESIDENT'S SLICE

Number one tee, it's the driver we hit;
Fellow players say "Nice shot", or you
say "Oh s___".

The flight of the ball, low or in the air;
We find the ball, select the next club
with care.

Next we pull our putter, look at the line;
Read it correctly, everything is fine.

You look up, the ball rolls in the cup;
Strut to the hole, bend over, and pick it up.

You're playing well, now your making the
turn;
A three putt at this stage, will make your
butt burn.

Thirteen the out-of-bounds fence,
fourteen the sand;
Fifteen and sixteen the fairway you need
to land.

Seventeen and eighteen, the round comes to
an end;
It's the nineteenth hole where the
elbow bends.

Who would ever think, hitting a white
dimpled ball,
Could end up being, the greatest sport of all.

FROM THE HOUSE . . .

Howdy,

Things are pretty quiet again this month. The club is growing (1100 members) and doing well. The extra staff Linda added are proving to be a great asset toward our goals and objectives regarding customer service. Our little bar is packed almost every night and everyone seems to be content with the service they are receiving.

Our Friday night happy hour dinners continue to be well supported and will continue as is at this time. We are adding another food night to our schedule. We will offer some type of Mexican food on the fourth Friday of each month. The one we held in May in honor of Cinco de Mayo was very well supported and well received by our membership. We also have a new frozen drink machine that we will be experimenting with. We will have margaritas, Sangrias, strawberry daiquiris, mudslides and pina coladas on hand. If the membership supports what we are offering, we will try to incorporate frozen drinks on a weekly basis at least through the summer months.

Pepie has been given a vacation from performing for us during July. The Board of Directors decided that there are too many things happening during that week with the Wyoming Open to make room for him to perform. He will be back with us on the second Friday in August. We look forward to his return as he always does a great job for us. In the mean time, enjoy the new sound system that has been installed for our Juke-Box. I really think the new system will be enjoyed by all.

Lucky me! I got the assignment of addressing our parking woes with the membership. The bottom line is there is nothing we can do to alleviate the problem. We discussed closing

the driving range on Friday nights and using that space for overflow parking. The idea was rejected as the liabilities to your person and automobiles would be astronomical. The golf club would have had to hire people to be parking attendants and the cost of that alone is prohibitive. The pro shop would have to hire someone to clean off the range of all golf balls prior to allowing parking to keep folks from rolling their ankles or worse trying to maneuver around them. The gated area across the street will be open and available at all times through the day and evening. I have to include this warning to the membership as well as the Board of Directors: If you park anywhere other than an approved striped parking spot, you may be subject to being towed at your own expense. The perimeter of our parking lot is for emergency vehicles only. I know it is a challenge at times to find a space but we all have to abide by the rules or face the consequences. Your Board of Directors recommends carpooling, if you can, or even using a taxi service to avoid parking woes. If anyone has a legitimate suggestion as to how we can resolve the parking issues, please come to the next board meeting and present it.

If you have any questions, suggestions or new ideas that would help us provide quality services to the membership, please feel free to contact me at cm.howdy@bresnan.net.

An Inspiring Golf Story:

D.J. Gregory Walks Every PGA Round

May 4, 2009

When D.J. Gregory was born with cerebral palsy and his legs en-

twined, his parents were told that he'd never walk. A special feature on ESPN E:60 reports that Gregory said, "I would be in a wheelchair for the rest of my life, and my dad

and my mom, both my parents, wouldn't take that for an answer." Gregory had multiple surgeries on his legs, and after much physical therapy, learned to walk with the aid of a cane.

Always interested in sports, his lack of mobility prevented him from enjoying sports like basketball and football in a competitive way. But, in golf, he felt he could compete. He developed his own one-armed swing that enabled him to use his cane for balance. As his love for golf grew, he came up with an idea. Since walking didn't hold him back, could he walk every hole of every round of every event on the 2008 PGA tour? That's what he set out to do.

He ended up walking 44 tournaments — some 988 miles — in 45 weeks. The PGA and individual players rallied around his effort. Along the way, he interviewed players at the tournaments and reported on his blog. Gregory's determination to meet his goal inspired many, including several golf professionals. Gregory realized that he would fall along the way, but the important thing was to always get back up.

Have you seen some NEW faces around the Club?

We have a few new employees so please take time to introduce yourselves and say HI! to:

Janet Cathcart – Beverage Cart

Andrea Edwards – Server

Nick Koppinger – Cook

Karen McKnight – Bartender

Codee Rogina – Beverage Cart/Server

Krystal Stephens – Server

And welcome back to our "golf seasonals":

Danielle Booth – Beverage Cart

Kim Percy – Beverage Cart

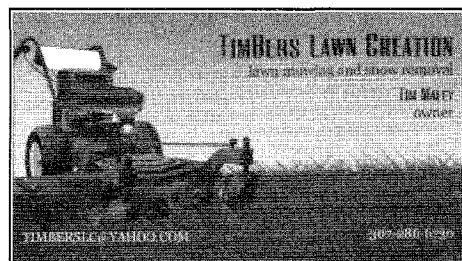

Ali McIntyre – Server

And.. you may see a familiar face operating something other than a set of clubs:

Becky Bigelow – Beverage Cart (Becky has agreed to be "on call" & help us out.)

Pay Attention To Your Caddies!! . . .

July 30, 2010

by Mike O'Halloran

On the advice of his caddy, Stan Andrie decided to play a 5 iron instead of a 6 iron for a hole-in-one contest to win a car as part of a club tournament in Benton Harbor, Michigan. The shift in club selection paid off as Andrie made a hole-in-one on the 165 yard 9th hole at Point 'O Woods Country Club.

The advice also paid off for caddy Dave Maxey. Prior to hitting his ace, Andrie asked Maxey if he'd prefer a big tip or the car if he made the shot. Maxey chose the car, a brand new Jeep Wrangler.

"The first time I told him, 'You have a new car' we were walking up toward the green I don't think he believed me," noted Andrie, "After I picked the ball out of the hole and I told him again I think it sunk in and he was extremely happy, the great thing about it was that when we were on the tee waiting to hit he was talking about what bad shape his current car was in and how he needed a new one."

Maxey has caddied at the club for 9 years and for Andrie many times over the last several years. He was awarded

the Evans Scholarship and attended Michigan State University where he recently graduated with a Business Marketing degree.

Will Andrie be listening to his caddy's input more intently now? "I have always considered their advice, it makes the game a lot more fun to discuss different options with a caddy on how to hit a particular shot and the fact that Dave switched me from a 6 iron (that I selected) that would have landed in the

water to a 5 iron that ended up in the hole makes it even more special," noted Andrie.

Andrie said, "A hole-in-one is one of the most exciting events in the game of golf but I am not sure I would trade it for the look on Dave's face when he realized he just won a new car — that is something I will remember forever."

KITCHEN SUMMER HOURS

The kitchen will be open DAILY

10:30 am to 3:00 pm

Through end of September 2011

Stand proud you noble swingers of clubs and losers of balls....

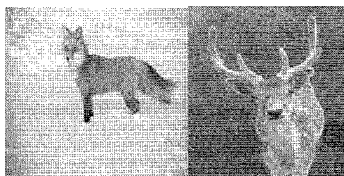

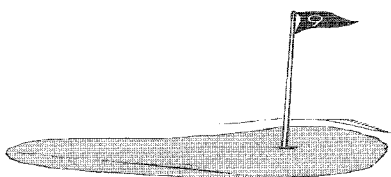

A recent study found the average golfer walks about 900 miles a year.

Another study found golfers drink, on average, 22 gallons of alcohol a year.

That means, on average, golfers get about 41 miles to the gallon.

Kind of makes you proud. Almost feel like a hybrid.

Please Support Our Advertisers!!

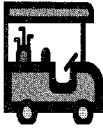

The Game and Fish Department has asked once again that you **DON'T FEED THE WILDLIFE** on the golf course.

It seems fun and cute at the time but in the long run it endangers both the animals and the humans in the area around the course.

Thank you for your cooperation.

DIRECTOR OF GOLF

June 24, 2011

It seems like it has been a tough year for foxes on the golf courses. I'm not sure of the cause but we did have one fox with mange here earlier in the year. From what I could find out fox mange is a serious condition which can lead to death, it runs in cycles, it hits areas with an overpopulation of foxes, and if a burrow is infested with the mites that cause mange then all the foxes in the den will most likely be infected. Mange is not contagious to humans.

We live-trapped the one fox that we knew had mange. Animal Control took her to the Cheyenne Animal Clinic to see if she could be treated, but she was too far gone. Hopefully, the population will bounce back soon. When it does please don't feed the foxes as this can lead to stress which predisposes them to disease outbreaks such as mange. They have plenty to eat here as they do wonders on the ground squirrel populations.

Thank you,
Ron Conard
Director of Golf
